## Fledglings Get Their Wings

It was a proud day for 33 members of the permanent force of the R.C.A.F. and three members of an auxiliary squadron, who received their pilot wings in a colorful ceremony at Trenton, Ont. Following the presentation of wings, air and land drills of all sorts were demonstrated for an interested crowd of spectators.

## Poles Determined To Retain Their Outlet To Free Coast

British United Press, Exclusive Cable

**GYDNIA, Poland, June 30.**—Millions of Poles aware of a solemn oath at nation-wide gatherings today that the "united" Polish people will never allow themselves to be cut off from the Baltic sea.

Following a speech by President Ignacy Moscicki at the port of Gdynia asserting that the Polish corridor pathway to the sea is vital to the nation as "the sea and the air," citizens assembled in market places of towns and cities throughout the country to repeat the oath.

Celebrating "Sea Day" with a naval and military demonstration at a time when the Polish corridor has become an outstanding European danger spot, the president described the province of Pomerania, the corridor and the Polish coast as fundamental bases of the nation's entire political and economic independence.

British United Press, Exclusive Cable

**GYDNIA, Poland, June 30.**—President Ignacy Moscicki in a speech to the nation said today that the province of Pomerania—the so-called Polish Corridor—and Poland's seacoast, were fundamental bases of the nation's entire political and economic independence and were, in fact, of the same inestimable value to Poland as the sun and air.

Gdynia, Poland's only port, lying at the Baltic end of Pomerania, and Gdynia—and to the free status of Danzig, the country's little navy had been massed here for the celebration.

British United Press, Exclusive Cable

**GYDNIA, Poland, June 30.**—Strong troop contingents were being assembled in Danzig, adjoining Gdynia, led by German army officers and heavily armed with machine guns and artillery.

Formidable Polish and German armies faced each other across the Polish-German frontier.

Polish press was high over the phenomenal development of this port, directly on the sea.

## France Is Preparing For Crisis

**PARIS, June 30.**—France saw Europe drifting into a serious crisis today in the wake of reports that the Nazis were organizing their forces for a coup in Danzig.

French diplomatic quarters received reports that Germany had called 600,000 reservists to the colors and that Italian military equipment was shuttling through the Brenner pass.

General Maurice Gamelin, head of all French armed forces, was near the Italian frontier inspecting Alpine defenses.

Reports that "men and officers of the German army" were moving into Danzig were said to have resulted in a long conference yesterday at which Foreign Minister Georges Bonnet assured the Polish ambassador, Julius Lukaskiewicz, that Great Britain and France would lend automatic military aid in case of aggression.

National leaders and the press attempted to prepare the public for what was said to be an abnormal situation.

Growing ill feeling was being expressed in Danzig, adjoining Gdynia, led by German army officers and heavily armed with machine guns and artillery.

Formidable Polish and German armies faced each other across the Polish-German frontier.

Polish press was high over the phenomenal development of this port, directly on the sea.

## Germany Shrugs Off Warning

**BERLIN, June 30.**—Viscount Halifax's warning that Great Britain would fight in case of "further aggression" and the feared expression of fears prevailing in London and Paris that a Nazi coup was being prepared in Danzig were met with shrugs of official German quarters today.

"We are conscious of our strength and supremely calm, in contrast to the nervousness prevailing in London and Paris," an official said.

German foreign papers paid little attention to the speech, relegated to inside pages. They omitted the foreign secretary's statement that Great Britain would "meet force with force."

Answering foreign reports that an unusual number of reservists had been summoned to military duty, officials said that "no abnormal number of reservists has been called in; each summer, under the 'tragedy' system, reservists do six weeks of training service and these are not unusual."

## Il Duce, Hitler, In Harmony

**ROME, June 30.**—Premier Mussolini was reported today to be in close touch with Chancellor Hitler by telephone and to be watching carefully the tense European situation.

Il Duce was at his villa at Riccione on the Adriatic Sea. There were reports the premier had conferred secretly with Hitler at some frontier point, but these were authoritatively denied as "absurd."

In many quarters the belief was expressed a new European crisis is coming.

The controlled press threw no new light on the Italian attitude but continued vigorous attacks on what it called British and French attempts to "encircle" the Roman-Berlin axis and on what Mussolini alleged to be mistreatment of Italians in France and Tunisia.

The official Italian news agency announced "in view of our constructive proposal whatever" Foreign Secretary Viscount Halifax's speech yesterday.

The average Britisher was more than a little puzzled by the daily press to acquit for the barrage of warnings in Germany, in which Viscount Halifax joined last night and spoke yesterday in both German and French on the immediate European situation.

FORESTAL COUP

One purpose was apparent—in to forestall any sort of coup d'état by a widespread campaign in Great Britain and France to convince Chancellor Hitler that it would mean war.

Anthony Eden said this week that the best contribution the British people could make to peace was to look tough, act tough.

## \$100,000 IS SCHOOL COST IN WEST END

**COMMITTEES RECOMMEND**  
**NEW BUILDING ON BOARD-OWNED PROPERTY**

Erection of a \$100,000 public school building at a location between 102 avenue and 50th Street and 138 and 142 streets was recommended to the board at a special combined meeting of the property and management committees of the Edmonton Public School Board in the Civic Block Thursday.

The property is owned by the school board and construction will commence in the near future.

Recommendation was made by Trustee A. E. Ottewill that the plan of accommodation be an eight-room building, possibly as large as possible after Cromdale public school, completed as to make more room for paper purposes and with the type of exterior to be determined. The committee agreed to Trustee Ottew

## PROBLEMS OF AGRICULTURE PUT TO FORE

Hon. R. J. Manion Ad-  
dresses Rally In Hal-  
dmand County Village

FISHVILLE, Ont. June 28.—Hon. R. J. Manion, national Con-  
servative leader, today ad-  
dressed a large gathering of  
rally in this Haldmand County  
village last night that the party  
places the problems of agriculture  
in the front of its program.

"It is the basic industry of na-  
tional progress and upon its  
prosperity depend the industries  
of the country," said Mr. Manion,  
advertising creation  
of an export board to control  
the export of agricultural prod-  
ucts.

"We shall seek to work out a way  
to prevent the 10 per cent of our  
farm products, excluding wheat,  
which are exported, from falling  
the price of the 90 per cent absorbed by  
the home market."

### ENLARGE MARKETS

Chief government attention in the  
past has been devoted to aiding the  
farmers to produce, Dr. Manion said.  
Now the chief need was to enlarge  
markets and establish fair and stable  
prices as far as possible.

Another Conservative policy, he  
said, was the reduction of the spread  
between consumer and producer prices.  
Canada could and should be built  
industrially to provide a greater  
market for her primary prod-  
ucts. There were too many defi-  
ciencies in Canada which refused to  
see the possibilities in the nation.

### GROUP OF DEFEATISTS

Frequently this little group of  
defeatists is made up of those who  
have least reason to be pessimistic.  
The Conservative leader, Dr. Manion,  
said. The value of export markets must  
not be forgotten, he said, but it must  
not be allowed to become the close-  
to-the-producer home market.

## Create Vitality Coming To Music Examiner Declares

Music fell into a temporary slump  
after the world war, but the signs  
of its creative vitality now are re-  
freshing, said A. F. Foster, music  
Toronto, here to act as examiner for  
the examinations at the Macdonald  
hotel for the Greater Toronto Society  
of Music. He said that radio, al-  
though first had somewhat of a "damp-  
ing effect" upon the music of the  
country, it has now become a stimu-  
lant. It has given the music a new  
impulse and has made it more in-  
teresting and more varied.

They have provided special  
entertainment for those who want  
quiet but good entertainment.  
Many plans on going in the coun-  
try, on the latest dramatic and other  
stage plays.

**PICKETS**  
Many dances will be held and a  
number of picnics are scheduled  
for the week-end.

At Victoria Park the Social Re-  
creation League is holding a grand pic-  
nic. The program includes a picnic  
and a dance. At the B. M. M. M. M.  
of agriculture, as speakers, a  
fine program of athletic events is  
scheduled.

The Local Order of Moose will  
hold its annual picnic at Victoria  
Park on Sunday, and it is expected  
that 1,000 will attend. Children  
playing at the Protestant Children's  
club will be present.

Annual picnic of the Gillespie  
Golf company will be held at  
Beach on Saturday. Starting  
at 11 a.m., there will be a full pro-  
gram of golf and other sports.  
Many other events are planned,  
all of which indicate July 1 will  
be a grand and glorious celebration  
of the suspension event being held.

**Little Likelihood  
Of Australia Being  
Attacked By Japan**

MONTREAL, June 30.—Likeli-  
hood of Japan attacking Australia  
is "not what it used to be" as Canada  
is enough to worry the Japanese  
admiral, said some news. Sir Mark  
Sheldon, banker from Sydney, N.S.  
W., was in an interview here today.

Perhaps the Japanese could  
throw a few bombs into Sydney,  
he said, "but the idea of transport-  
ing troops across the sea and land-  
ing them, that doesn't appear  
possible in view of the stand being  
made by the U.S."

Sir Mark Sheldon formerly was  
Australian high commissioner to the  
United States.

**EXTRA COUPON**  
WORLD'S POPULAR ENCYCLOPEDIA  
IN 12 Volumes

YOURS... for 6 Coupons  
and 39c per Volume

This coupon with 5 others (differently  
numbered), plus 39c, entitles you to one  
volume of the World's Popular Encyclo-  
pedia. Clip and save these coupons from  
this paper each week. When you have five  
—each with a different number—plus  
with the nominal gift price to us  
and receive your volume. If you order by mail, enclose  
10c extra for postage and wrapping.

This Coupon with 5 others and proper remittance is  
redeemable at the office of The  
Edmonton Bulletin

## INITIATIVE BY CHURCH GROUP PRAISED HERE

Norwegian Lutheran Here  
Arrives For City  
Convention

Although the past year had not  
been quite so good financially as  
previous years, yet the financial  
outlook for the current year is  
fairly bright, stated Dr. J. A.  
Aasgaard, president of the Nor-  
wegian Lutheran Church of  
America, who arrived in the city  
Thursday morning for the annual  
convention of the organization,  
which opened Wednesday at the  
Norwegian Lutheran church here.

Dr. Aasgaard arrived here from  
Minneapolis, headquarters of the  
church.

Severe drought of last year in  
the west was one of the main rea-  
sons for the financial slump, Dr.  
Aasgaard said. The outlook for the  
current year is fairly bright, stated  
Dr. J. A. Aasgaard, president of the Nor-  
wegian Lutheran Church of  
America, who arrived in the city  
Thursday morning for the annual  
convention of the organization,  
which opened Wednesday at the  
Norwegian Lutheran church here.

## Continued From Page 1 Danzig Dispute

Some political leaders here long  
have contended that what they call  
the aggression of the German  
forces of the past 14 years  
is due to a large extent to the advice  
given by the German Minister  
Joachim von Ribbentrop, former  
ambassador in London, that Britain  
would fight only in the event of a  
direct attack upon her.

**RIBBENTROP'S HAND**  
Some believe Von Ribbentrop  
still is advising Hitler that Great  
Britain will not fight over Danzig.

By repeated speeches Prime  
Minister Chamberlain, Lord Halifax  
and others inside and out-  
side the government seek to dis-  
credit such advice. If it is being  
given, and to convince the Nazi  
leader that "further aggression"  
will be resisted.

Still another important factor in  
the present treaty of British policy  
toward Germany, informed observers  
say, is the memory of 1914, just  
before the outbreak of the Great  
War.

The British government of that  
day frequently has been criticized  
since for not giving Germany earli-  
er and more explicit warnings of  
Britain's determination to fight in  
the event of a direct attack.

**TO AVOID MISTAKE**  
Many hold that what might have  
been averted had the British gov-  
ernment taken a firmer and more  
clear-cut course then.

But the immediate danger, ob-  
servers say, is trying to make cer-  
tain that no such misunder-  
standing exists now.

Whatever the reasons, the British  
public is becoming more and more  
ready to face a major crisis soon—  
whether it comes or not.

**Danzig Featured As  
A City Of Serenity**  
This picturesque old free city was  
governed last night by what it called  
an "augmented police force" but  
showed on the surface no indication  
of the emergency situation in Europe.

Both Germans and Poles were  
blaming each other for "stirring up  
panic psychosis" by circulating re-  
ports of the formation of a "storm  
troop" of the "Free Corps" for  
smuggling of munitions from East  
Prussia and other war measures.

While much of Europe watched the  
Free Corps, the British public was  
presented a picture of a city where  
there was no sign of excitement  
or military activity.

It was freely admitted that the  
British public was strengthened in  
its opinion that the British were be-  
ing drilled to give the police aid in  
the event of a "storm" of the "Free  
Corps."

But all officials and the official  
Nazi organ, "Vorposten," insisted  
that the British were not being  
drilled to give the police aid in the  
event of a "storm" of the "Free  
Corps."

## Commonwealth Needs Its Own Propaganda In "Battle of Ideas"

### STORKS FIGHT LOCUST PLAGUE IN BULGARIA

SOFIA, Bulgaria, June 30.—Over 5,000 storks, which suddenly appeared out of the sky from all directions, descended upon the town of Asenovgrad and neighboring villages recently.

The locusts at first attacked the crops and did great damage. Two battalions of troops were called out to destroy them, and together with the local population, they killed ten tons of locusts after fighting day and night.

On the third day, when the battle was still raging, unexpected reinforcements appeared in the form of storks. The huge birds alighted in great numbers and made a great circle around the locusts. Then, systematically, the storks closed in, devouring masses of locusts as they advanced.

The population has been warned to act immediately at the first sign of a swarm. It is believed that the arrival of such a large number of locusts this year was due to the mild winter.

### Solon Rebuked For Stur Upon Name Of Wilson

WASHINGTON, June 30.—(Continued from page 5.)—The House of Representatives yesterday took the right-bill vote on the United States entered the Great War. Postmaster General Burleson of President Wilson's cabinet urged members of Congress to vote for the war resolution on the ground "this is only a bluff" to Kaiser Wilhelm and the central powers.

The remark brought a sharp retort from Representative Bayburn (Dem.-Texas) who declared the assertion was "an utter untruth," and during debate on neutrality legislation.

Bayburn declared he was present on the night in question and "I do not care who the informant of Mr. Sweeney was, when he made that statement that Mr. Sweeney reported on this point, he stated an utter untruth."

### Graduate Fees At Coast Raised From \$85 To \$135

VANCOUVER, June 30.—Graduates continuing their studies at the University of British Columbia will have their fees for the next winter session increased from \$85 to \$135. University governors announced today.

The change, to apply to graduates registering after August 1 this year, will affect about 170 students at an estimated cost of \$400.

### Thetis Memorial

MONTREAL, June 30.—Soldiers of the U.S.S. Thetis, flagship of the American and West India squadrons of the Royal Navy, which is visiting here, do not forget their departing comrades. The ships company held a dance in the evening and the proceeds going to the dependents of the late crew of the submarine Thetis, which foundered off Liverpool with loss of 90 men.

## Marine Panorama

Slide trips from Vancouver along the Gulf Coast Rivera unfold an ever-changing panorama of the mountain and marine beauty for which the fjords of British Columbia are renowned. Above picture on shipboard shows passing craft on one of these scenic trips.

## Vancouver Port Gives Access To Scenic Spots

By LAURE SPRAY  
Keynote of Vancouver's claim to fame as a tourist centre lies not only in the holiday attractions of its metropolitan area, but in the facility with which the traveller may reach British Columbia's numerous scenic highlights and summer resorts from this point.

Heading out of Burrard Inlet, flanking with the activities of international shipping, pleasure steamers pass under Lions Gate bridge, longest suspension bridge in the world, and then, weaving their way in and out of the fjords of the coast, they enter the straits of Howe Sound and the straits of Howe Sound, and reach the head of the fjord, where the water is reached within an hour of city centre, or, at least, the mountain to the rugged grandeur of gorge and canyon to be found at Capilano, Lynn and Seymour. Among loveliest is that of the Fraser Valley scenic circle which commands a view of the turbulent Fraser River and an adventure into the vastness of British Columbia hinterland.

## Lowell Stevenson Serves The Bulletin at Ma-Me-O

If you can combine business with pleasure you are lucky indeed. Lowell Stevenson is managing to do just that. This summer he will deliver The Bulletin at Ma-Me-O Beach, popular summer resort on Pile Lake, southwest of the city. A strong "reader" for Ma-Me-O, he will bring the paper to the place for a holiday. And he goes to make sure The Bulletin goes right along with city folk who will spend their vacation there.

### LOWELL STEVENSON

I want to spend my holidays at Ma-Me-O Beach, where I am to deliver for The Edmonton Bulletin this summer. It is a beautiful place, about 200 cottages, several stores and a garage, telephone office and post office. It is situated on a lovely sandy beach where children can wade out about 50 feet. The water is pure and clear, and the fish are plentiful and appear to be biting well this season. Most of the time, the lake is pike, trout and white and jackfish.

There are three town public wells of pure water and a number of private wells at Ma-Me-O. An excellent gravelled highway from Edmonton gives visitors easy access to the town.

Here is the town. The lake itself is about 13 miles long and has two smaller bays.

So you can easily see why I am so glad at getting a chance to spend my holidays at Ma-Me-O. I am 12 years old and moved into the place 7 years ago. My father is a physician and surgeon at Wetaskiwin, where I live.

Boy! I sure like sports, and am particularly interested in hockey and golf. I think deerstalking is one of the best sports in the winter.

I just bet that Bulletin readers will think that are right back in Edmonton when they come to Ma-Me-O Beach this year, because I'm sure going to push their papers to them in as fast time as they get them in the city.

## The End Of Appeasement

By DR. H. L. STEWART  
Professor of Philosophy, Dalhousie University, and Editor of  
Dalhousie Review.

THERE is an old saying about our party system, that the duty of an Opposition is to oppose, and that if it ceases to do this, it has no longer any title to exist, with a leader continuing to draw pay. In like manner surely the acid test for the party of appeasement is to observe whether it has appeared. You must give it a reasonable chance to show how it is acting. But "no reasonable chance" is not definitely. Disappointment at length bids you try something else.

So it seems time to review political action nearly 16 months ago when Mr. Chamberlain told Mr. Eden that he must stop expatriating and start appeasing. Mr. Eden replied that if such new treatment was to be applied, a new Foreign Secretary must be obtained to apply it; for his own part, Mr. Chamberlain, he indicated that as the wise thing to do was just the very opposite of the thing which the Foreign Secretary then in office believed. So the change was made. Mr. Eden's place was taken by Viscount Halifax, and "appeasing" has been in progress—sometimes more intensely, sometimes more cautiously—until a quite recent date at which Mr. Chamberlain said he had given it up.

The trial, however, has been expensive. What is called in these "sacrificing a piece" in order to obtain a better position has been done a good many times. But I recall the old complaint by an unfortunate chess player, "Though I can always see how to sacrifice a piece, I never find the first time my position thereby has been improved."

I have been stirred to write in terms of a parallel to international politics by an interesting remark we had a few days ago from Mr. Chamberlain. He described the minister in charge of that combined office, the Ministry of Propaganda and Public Enlightenment.

The Goddard, a rather witty man, though with a type of wit that I find a little too coarse to quote even by way of illustration. He was taking the other day about the "intellectual" in Munich in September last. Certain German "intellectuals," it seems, had been expounding that the war was what relieved Hitler from a very great burden. He said that the Minister of Propaganda and Public Enlightenment would not listen to the intellectual, but in Munich he had seen that his Father needed such relief from any foreign hand. And he illustrated from a favorite German story.

"I say that Neville Chamberlain carried Hitler just that. This summer he will deliver The Bulletin at Ma-Me-O Beach, popular summer resort on Pile Lake, southwest of the city. A strong 'reader' for Ma-Me-O, he will bring the paper to the place for a holiday. And he goes to make sure The Bulletin goes right along with city folk who will spend their vacation there."

Now that is as remote as can be from the British Prime Minister's own account of his reason for his airplane flight to meet the Dictators. And when one party says, "I did it for humane reasons," while the other says, "You did it because we had you so cornered that you

were stripped and searched by Japs."

So "appeasement" is plainly a failure. Yet to be heard that the discovery of this and the consequent change, have been made in the past.

## Estey To Become Attorney-General

REGINA, June 30.—Premier Patterson announced Thursday that Hon. J. W. Estey, Saskatchewan minister of education, would be sworn in as attorney-general to succeed T. C. Davis whose appointment to the Saskatchewan appeal court was announced in Ottawa.

## Convicts Captured

CURRIE, Ont., June 30.—(Continued from page 5.)—The Sheriff of Curriewood and Robert Hoffman of St. Catharines broke out of the Ontario reformatory here yesterday but were recaptured within a few minutes.

Perhaps you remember when men carried "the makings" in little canvas saks. Rolling a smoke was tedious, often a failure; but adepts could do it like conjurers. If you could manage it with one hand, and on a broncho, why you were a hero!

Today, machines have taken over the art. Their "hands" are literally "quicker than the eye" and infinitely more deft and consistent. They roll them so fast that one day's production of one Imperial Tobacco factory, placed end to end, would stretch from Toronto to Winnipeg!

And, three times every minute, these machines take a batch of the cigarettes they are making, weigh them and adjust themselves to correct any variation within 1/100th of an ounce in 50 cigarettes. Modern magic machines with a conscience keyed to a few strands of golden leaf. . . This is the tobacco industry. . . with millions in Canadian money invested, supporting thousands of Canadians profitably employed in factories and in every cross street and crossroad, so that you may enjoy "tail-made" cigarettes perfectly packed with the finest tobacco, the instant you want to smoke.

## IMPERIAL TOBACCO COMPANY OF CANADA, LIMITED

Edmonton, Alberta, and Northern Alberta. Such complete circulation coverage assures your message being presented to men and women of character, whose interests and qualifications are so necessary to the proper development of the school children of your district.

Use the convenient form below to send in your advertisement for the "Teacher Wanted" column in the EDMONTON BULLETIN Want-Ad. Section.

## School Boards Attention!

## Reach

## Capable School Teachers

EDMONTON BULLETIN offers a convenient and inexpensive plan whereby school districts may reach the largest number of trained and competent teachers.

This paper will carry your advertisement into practically every home in every city, town and village in Central and Northern Alberta. Such complete circulation coverage assures your message being presented to men and women of character, whose interests and qualifications are so necessary to the proper development of the school children of your district.

Use the convenient form below to send in your advertisement for the "Teacher Wanted" column in the EDMONTON BULLETIN Want-Ad. Section.

## THE COST IS SMALL

Per line, one day, 12c—Per line, 3 days, 27c—Per line, 6 days, 42c

In computing the number of count lines in an advertisement figure the first 10 words or less as two lines. Over 10 words figure seven words to the line. Initials, abbreviations, figures in groups of five or less count as one word.

## EDMONTON BULLETIN

Edmonton, Alberta.

Please insert in your Want-Ad. columns under the heading "Teachers Wanted" the following advertisement: (postal note or money order to the amount of \$ . . . enclosed).

YOURS TRULY,

Teacher Wanted for (Name of School District) S.D. No. . . . . requires (Male or female) Teacher holding . . . . . Class Certificate

Duties to commence . . . . . Salary . . . . .

## With The Railroaders

### Along C.N.R. Lines

J. M. Hall, district manager agent here, arrived Tuesday after more than 18 years of service with the railroad line. He is one of the best known railway officials on the North American continent as during the years he has been located at Jasper he has met travellers from practically every city on the continent.

W. C. Owens, general superintendent of the Alberta division of the C.N.R., is to be congratulated on receiving his commission as Honorary Lieutenant-Colonel in the Brigade.

M. A. Fraser, vice president in charge of traffic of the C.N.R., accompanied by Mrs. Hall, left the city for a visit in Vancouver. Mrs. Hall plans to stay there indefinitely with her three sons who reside there. During his absence, Mr. Hall will be relieved by G. Skett.

Engineer J. Montgomery, accompanied by Mrs. Montgomery, will leave Tuesday for an extended visit in the east and will visit the New York World Fair where they plan to meet Mr. Montgomery's brother from Glasgow, Scotland. After visiting several eastern cities, they will all return to Edmonton.

Bookman P. Tulliver who has been a patient in the Royal Alexandra hospital for the past six months is now recuperating at his home.

J. N. McNeil, sub-agent at the N.Y., is enjoying his annual vacation.

E. Pearson, district manager at the N.Y., is now working in the freight shops.

R. Williams of the North Yard street department, accompanied by Mrs. Williams and daughter, Margaret, will leave Monday for a vacation at the coast.

Laborer J. J. Davidson has been transferred to Edmonton to work.

Chief Clerk P. G. Bannock of the freight office is holding a job at Seattle, Oregon.

Miss K. Lamborn and Miss C. Ward

are planning to motor to Banff for the long weekend.

Laborer T. Rulley has been transferred to Edmonton to work and F. H. Johnston has returned to work at the N.Y. from Vancouver.

Regional Manager Major J. Beckett of the N.Y. stores department, left Thursday night to attend the annual soldiers camp at Stornoway.

Machineist G. New has been transferred from Winnipeg to the N.Y. to work.

G. R. Roper, sub-agent at N.Y., accompanied by Mrs. Roper, are holding a job in Tacoma, Wash.

Gordon Cherry of the N.Y. stores department is spending the long weekend at home.

Machineist W. A. Corbett has been transferred from Winnipeg to the N.Y. to work.

T. R. Belding and A. Friedholm, laborers, have been transferred from Edmonton to the N.Y.

Freeman A. J. Millard, accompanied by Mrs. Millard, and John W. L. will leave next week for his duties at Vancouver.

J. Newcome, locomotive driver at the N.Y., is enjoying his annual vacation.

E. Aspinall, engineer, returned to work this week from an extended motor trip to the States.

Locomotive Driver J. Davis and C. Fawcett are vacationing at Vancouver for a few days.

Laborer A. B. B. returned to work at the N.Y. this week.

Sam Hamilton and Bill Brown of the N.Y. stores department, will leave Saturday for a fishing trip at home.

S. Hillman and A. Young, machineist helpers and R. Rhodes, boiler maker's helper, returned to work at the C.N.R. along this week.

B. Shook, freeman in the lumber yard, is enjoying his annual vacation.

H. Hughes and W. H. McConnell, laborers, returned to work at the N.Y. from Jasper.

Thomas T. Irving, chief engineer of the C.N.R., arrived on pension in

Toronto this week. He will be succeeded by Barton Wheeler.

C. Woolan, machineist, N.Y., starts a two week vacation on Monday.

**N.A.R. News**  
M. E. Collins of the general office, is enjoying his annual holiday at the coast.

E. T. Faint, locomotive engineer, is now working in freight service out of Vancouver yards.

Locomotive Fireman C. L. Sebastian has returned to McLennan Terminal.

J. M. Bennett, locomotive fireman, has been transferred from freight to mixed service out of Vancouver yards.

C. Connor, locomotive fireman, has returned from McLennan and is now working out of Vancouver yards.

T. N. Harris of the general office at the coast.

Locomotive Fireman H. Atkey has returned from McLennan and is now working out of Vancouver yards.

Barth McMillan, son of Mr. G. McMillan of the master mechanics' office, is leaving this week for a holiday at Fort Assiniboine.

L. Morgan of the general office staff has returned from his annual vacation.

**C.P.R. Rail News**  
After six weeks enjoyable vacation in England and Scotland, Transportation H. W. McMahon, C.P.R., has returned to Edmonton with glowing reports of his holiday. Traveling in England on the steamship "Empress of Australia," which shortly afterwards was the scene of the tragedy of the "Titanic," McMahon has many interesting and humorous stories to tell of his trip, and of Captain Mackle, afterwards deceased by his Majesty.

W. A. Mather, C.P.R., General Manager, Winnipeg, was an official visitor in Edmonton last weekend on the occasion of his periodical inspection trip. Accompanying him

### Five-Inch Wrench Found In Catfish

DADEVILLE, Ala., June 30.—Landing a ten-pound catfish filled Joe Ward with pride, but when dressing it he found that it contained another fish weighing a pound and a steel automobile wrench five inches long he began to doubt it himself.

Vice-President W. Phillips will be in attendance at these meetings, and some interesting discussions are expected to arise.

**TRANSFERRED FROM CALGARY**  
C.P.R. Engineer D. G. Macdonald has transferred from the Calgary Division to work out of Edmonton on Trains 31 and 32.

The Western Brotherhood of Locomotive Drivers and Engineers will hold a series of meetings in the Pullman hotel, Calgary, July 6th and 7th. International President B. Robertson and International

### Nickel In Sewer Grows Into Dime

DURHAM, N.C., June 30.—When a bright-faced youngster dropped a nickel into a storm sewer, Traffic Sergeant W. W. Scott gave the child another nickel.

The boy quickly bought a package of chewing gum and then with a pole and wad of gum retrieved his original coin.

**Judge Locked Out Of His Own Court**  
PHILADELPHIA, June 30.—Judge Curtis Bok would like to pass sentence on a Negro burglar who broke into his secretary's home yesterday—if he can get into his courtroom.

The burglar stole the courtroom keys.

### Owl Knocks Hat Off Man's Head Once Too Often

WHITE PLAINS, N.Y., June 30.—The owl which swooped down from a tree each day of the last two weeks to knock John Q. Simmons' hat off is dead.

Simmons is an insurance agent and a patient man. He didn't get angry at the hooting bird, he told police until last night when he returned home wearing a brand new straw hat. The owl flew down and knocked it to the ground.

Then Simmons lost his temper.

### Steeplejack Joined At Work By Wife

AGINCOURT, Ont., June 30.—Mrs. Charles Miner decided that the best way to stop worrying about her husband while he was at work was to work beside him.

"I like it better than washing dishes," she said as she started on a new job at Knox church yesterday.

Her husband is a steeplejack. Now she paints steeples beside him at 11 a.m.

and called police. Patrolman Smith killed the bird with his revolver.

EDMONTON, ALBERTA FRIDAY, JUNE 30, 1939

## Coronado Woman Marks Ninetieth Birthday In Good Health, Spirits

## She's Ninety

While birthday party preparations went on around her and a team of young men posed their trophies, she took a walk to shake her frame with her daughter, Miss A.W. Mathers here, recalled the time an Italian soldier lay outstretched in the fields, being paid \$200 a day for his services as a "straw man" to stand in line for food, and being suggested for \$2 a month to be a "straw man."

That the National Unity Party of Canada is purely political and not military in scope, and that while it might be termed Canadian National Socialist, it is not

Fascist in intent, and has no international tie-ups, is the confederation of David E. Hartmann, formerly of Westlock, but now of Edmonton, and M. K. Springer of 19 Raymond hotel, South Edmonton, provincial secretary and or-

ganizer of the new party, now making its appearance in Edmonton.

Wavelengths of 254 nm and 365 nm were used to irradiate the samples. The irradiance was 100 mW/cm<sup>2</sup> and 100 mW/cm<sup>2</sup>, respectively. The irradiation time was 10 min.

**NO SECRET**

These two models are used to estimate the effect of the treatment on the probability of being employed. The first model is a logit model, and the second model is a probit model. The results of the logit model are reported in Table 2, and the results of the probit model are reported in Table 3. The results show that the treatment has a positive effect on the probability of being employed, and this effect is statistically significant at the 5% level.

Although the membership form which applicants are asked to sign calls for particulars of age, weight, height, and military service record, and also for particu-

lars of cars, trucks or motor cycles owned by applicants which they are willing to place at the disposal of the party, both Harigmann and Springer state

that these particulars have nothing to do with "mobilization plans"

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

## LOYALTY TO ARCAD

**Abstract.**—The purpose of this study was to determine if there were differences in the feeding behavior of juvenile largemouth bass (*Micropterus dolomieu*) between two different types of artificial prey. The experiment was conducted in a laboratory setting. Two groups of juvenile largemouth bass were fed two different types of artificial prey, one group was fed a soft-bodied prey and the other group was fed a hard-bodied prey. The results showed that the soft-bodied prey was consumed more quickly than the hard-bodied prey. This suggests that the soft-bodied prey may be more effective as a lure for juvenile largemouth bass.

The same paper also makes a plea to "let us clean house—from Jewocracy — also from the 'Somebody' who controls more or

less us and our daily press

[illegible]

**MEMBERSHIP**

"According to the results of open  
and secret questionnaires, all aspects,"  
said the commission, "seem to be  
under control." The National  
Front, known at times as the  
National Front for Liberty and

Hammerson and Seltzer, both past presidents of the association, and in the future, Seltzer says, it's out to a broader base of firms where

Hartmann claims to have seen in Canada the same sinister forces at work as in Russia, which he

blames on the "Jewocracy"	%
1. A conspiracy to take over the country	10
2. A conspiracy to control the economy	11
3. A conspiracy to control the government	12
4. A conspiracy to control the media	13

1. The first step is to identify the problem. In this case, the problem is that the company is not meeting its sales targets.

## Famous Medals

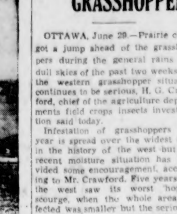

Distinguishing Service

**DEWAR'S**  
Special Liqueur OLD SCOTCH WHISKY  
DISTILLED, BLENDED AND BOTTLED IN SCOTLAND BY DEWAR

THE LITERARY MEDAL... 1916  
Instituted by King George V. in April, 1916, to honor the men of the Army, for gallantry and individual acts of bravery. The medal is a silver star, bearing the inscription "For Bravery in the Field" on the obverse side. The reverse side of the medal is a ribbon in white, the stripes adjoining on each side being red, white and blue from the center out. Stars are awarded for subsequent acts and these are indicated when the ribbon is worn alone by silver rosettes. Recipients are permitted to use the letters M.M. after their names.

Over to Medal and Prize awarded Dewar's men...  
The highest honors the world has bestowed upon a Scotch Whisky!

# GRAIN CROPS GET JUMP ON GRASSHOPPERS

OTTAWA, June 29.—Prairie crops got a jump ahead of the grasshoppers during the general rains and the dull days of the past two weeks but the western grasshopper situation continues to be serious. It is believed that the grasshoppers will be fed by the government, chief of the agriculture department food crops inspection investigation.
